Women in NAAAP! WIN!

The WIN! Mission: Empowering, supporting and engaging Asian women to succeed as professional and personal leaders as well as contributing to their communities and cultures.

WIN! is a special program created and developed to build competent and confident women leaders within NAAAP and within the Asian Pacific community. WIN! programs are open to both men and women. Each year since 2009, WIN! has offered a track in the NAAAP Convention each and WIN! has been the organizing theme for regional conferences in various NAAAP chapters.

WIN! session at the 2013 International Convention on Aug. 10 at 2:00 PM, *WINning Motivation and Behavior*

Leadership inspired by women
women in NAAAP

Women in NAAAP!'s overall objectives include:

1. Equip Asian women with skills, confidence, and resources to effectively lead in a multicultural environment.
2. Connect Asian leaders to role models and create a mentoring network.
3. Empower Asian women and educate about challenging perceptions.
4. Engage with the community at large and represent Asian women across the world.
5. Inspire Asian women to make a meaningful difference in government, education, business, and society.
